”

Orders are unbelievable, and random check-ins have been positive. Employees are very pleased with the choices and ability to order multiple items. The reporting capabilities are wonderful as well. I can provide monthly updates to HR staff and corporate so they know how the program is working.

HEALTHCARE INDUSTRY

”

I am shocked how quick the award arrived. We are hearing nothing but positive feedback, people are really happy! What a huge variety of items to order from, and such great response and service.

RETAIL INDUSTRY

”

I am so happy that we got out of the traditional program. This put a new “spark” into the service award program. Also, there’s the capability to expand the service award program to a “total recognition” platform by adding safety awards, spot recognition, etc. I wish I had made the change sooner.

MANUFACTURING INDUSTRY

”

Customer service has been outstanding since our first communication. Point Recognition has worked with us in order to place us in the best fit program for our company needs as well as tailor a few things specific to our company. In addition, they set up our program & sent out employee communication all within a couple of days!

AUTOMOTIVE INDUSTRY

”

Point Recognition has been a key partner in our employee recognition program. The customer service is excellent and the quality of products is first rate.

TRANSPORTATION INDUSTRY

Let's let some of our customers do the talking...

We really can't wait to hear what you have to say, but in the meantime here's what a few of our clients have to say.
